

ANIMESH SAMAL

DATA X DEVOPS ENGINEER

Hyderabad, India | animesh7667@gmail.com | [LinkedIn/animesh-samal](#) | +91- 6370-969-202

DevOps-oriented Data Engineer with experience in managing production releases, building and maintaining ETL pipelines, and working with AWS-based data systems. Skilled in CI/CD workflows, repository management, and handling large-scale structured healthcare data (100–300 GB/month).

AREA OF EXPERTISE

- Python, C++, SQL,YAML, Shell
- ETL pipeline development
- Automation - (Cron Jobs, Scripting)
- AWS Data Services (S3, Secrets Manager)
- Git & Branching Strategies

KEY ACHIEVEMENTS

- Led biweekly production releases for a multi-developer codebase (5–8 contributors), ensuring smooth deployments and achieved 80-90% reduction in issues arising due to improper conflicts resolution.
- Managed ETL pipelines processing 100–300 GB/month of healthcare data
- Automated deployment workflows using cron jobs, reducing manual effort and deployment time from 25~30 minutes to under 2 minutes
- Established structured branching strategy improving code integration efficiency

PROFESSIONAL EXPERIENCE

Data Engineer / Deployment Lead Oct 2024 - Present
Deloitte US, Offices of India – AI & Data

- Led 20+ staging and production releases, manged merge conflicts across the team
- Designed and maintained Git branching strategy and repository structure
- Implemented CI/CD workflows using GitLab CI
- Automated deployments via cron jobs
- Maintained Python-based ETL pipelines processing 100–300 GB/month
- Worked with AWS S3 and Secrets Manager for secure and scalable data handling
- Developed data transformation logic using Python and SQL
- Resolved 100+ security issues related to exposed credentials and fixed the corresponding SAST pipeline errors in GitLab

EDUCATION

Bachelor of Technology | Electronics and Telecommunication Engg 2020 - 2024
Indira Gandhi Institute of Technology, Sarang, Odisha

- CGPA 8.73 on a scale of 10
- Thesis on "SolarOptimate : Optimization of Solar Panel Tilt Angle Using XGBoost (extreme Gradient Boosting) Machine Learning algorithm) ”.

Senior Secondary Education | Physics, Chem, Mathematics 2017 - 2019
Nalanda Public School, Cuttack, Odisha

ADDITIONAL INFORMATION

- **Languages:** English, Odia, Hindi.
- **Certifications:** GCP Professional Machine Learning Engineer, Informatica: IDMC associate
